

**EXPLORATION, EDUCATION AND PROGRESS
IN THE THIRD MILLENNIUM**

CONFERENCE 2012

Welcome

On behalf of the entire Organizing Committee, we are delighted to welcome a significant number of participants of participants to International Scientific Conference "EXPLORATION, EDUCATION AND PROGRESS IN THE THIRD MILLENNIUM".

The 2012 conference program features a broad range of papers that will engender an exciting exploration of important issues in the juridical and public administration sciences. We anticipate that the Conference will be packed with engaging and informative discussions and exchanges on critical issues about new challenges regarding education law, continuation of the reform of justice through the new codes, the public administration and the effectiveness of the administrative system

A conference of this magnitude does not happen without the hard work of many individuals. This one is no exception. We have been most fortunate to collaborate with a super Conference Organizing Committee. We are deeply appreciative of the countless hours, tireless effort, and energy that they have dedicated to all aspects of this Conference.

The Conference is also fortunate to have Universul Juridic Magazine as partner, whose material support is contributing to several major conference events. But you can't build a conference unless there are people interested in and willing to co-construct it. To all of you our deep thanks for contributing to what we hope will be a very successful conference that attests to the presence and impact of the learning sciences community.

Welcome to Galati and the International Scientific Conference "EXPLORATION, EDUCATION AND PROGRESS IN THE THIRD MILLENNIUM" 2012.

Florin Tudor

Conference Chair
